MESSAGE FROM OUR CEO

Marhaba!

At Pier Seven Aviation, our commitment is to provide high-quality, industry-focused aviation training that prepares our students for successful careers. This brochure offers an overview of our training programs, facilities, and our vision for developing the next generation of aviation professionals.

We are dedicated to excellence, safety, and continuous innovation, ensuring that every student receives the knowledge and practical skills needed to succeed in the global aviation industry.

Thank you for choosing Pier Seven Aviation. We look forward to being part of your aviation journey.

Sincerely,

Capt. Abhishek Nadkarni

CEO / Accountable Manager

ABOUT COMPANY

Pier Seven Aviation is an EASA & GCAA approved independently owned simulator training facility based in the UAE, specializing in providing an array of training for flight deck personnel, airlines and private users. Our facility at Sharjah Airport is focused on servicing commercial airlines with both narrow and wide-body simulators.

Our core activities consist of:

- Dry/Wet Simulator Training
- Pilot type rating and recurrent training courses
- Type rating instructor training (TRI/SFI)
- Command Upgrade Course.

Tailor-made airline training solutions is our corner stone. Experience in the emerging markets allows us to provide airlines with integrated bespoke services.

We are approved by EASA and UKCAA as Flight Simulation Training Device (FSTD) Operator and by GCAA as Approved Training Organization (ATO).

WHY CHOOSE PIER SEVEN

We place extremely high focus on establishing and maintaining personal relationship with our customers. The services provided at the training centre are consistently rated 9.3(+) out of 10 (Pilots trained since 2015).

Following are the categories of aviation services that we offer:
Dry and Wet leasing of Simulators. Type Ratings on A320, B737NG, B737CL, B747

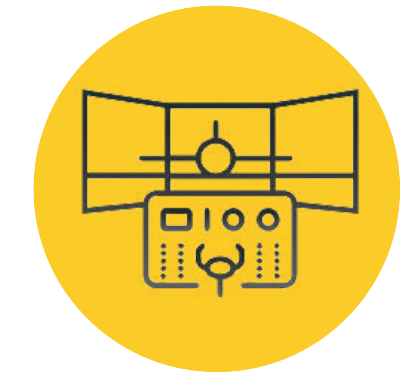

Tailored Solutions
Approved by the European Aviation Safety Agency (EASA), General Civil Aviation Authority (GCAA) and other ICAO CAA, our highly experienced instructors provide tailor-made.

Pier Seven Aviation offers more than 20,000 hours capacity per year, located at Sharjah (UAE), the training center benefits from the economy of scale which naturally.

Flexible Scheduling and 24/7 Operations
We offer round-the-clock simulator availability and flexible scheduling options to accommodate urgent training needs, recurrent checks, and airline operational demands.

State-of-the-Art Full Flight Simulators
We operate advanced full flight simulators equipped with the latest technology to replicate real-world flying conditions, enabling pilots to train in a highly realistic and safe environment.

D2-09

SAIF ZONE, SHARJAH-UAE

WE CARE

We are very proud that being big enough to offer customized programs (more than 16,000 hours), we have managed to remain small enough to bring our very own personal touch. These small aspects, almost unnoticeable, make your whole training experience with us more pleasant.

At PIER SEVEN AVIATION, the majority of staff possess experience in aviation, while the leadership team comprises solely of trained and experienced pilots.

Preserving a pleasant atmosphere at the training center is the north light star of our business dealings, as we grow bigger. It's a rare quality which places PIER SEVEN AVIATION on a very high pedestal in the aviation training market.

Customer service support includes, but not limited to:

- Visa invitations and all needed support;
- Transportation 24/7
- Pre-screened hotels
- Free Internet and coffee

Btw, a specially curated blend of Tea at our Pilot Lounge has been a hot favorite of every visiting guest at our premises.
